Are You Thin? Pale?

All run down, easily tired, nervous? And do not know what to take? Then go direct to your doctor. Ask his opinion of Ayer's Sarsaparilla. It contains no alcohol, no stimulation, and is a blood purifier, a nerve tonic, a strong alterative, an aid to digestion. Ask your doctor about Ayer's non-alcoholic Sarsaparilla as a strong tonic for the weak.

Prieta also stated that they have received confirmation that the Indians have overrun San Marcial and that many persons have been killed or injured.

Rollen G. Harris, the French aviator, started today on his flight from Sicily to Rome. He intends to make stops at the following places: Mizano, Pizzo and Naples.

President Taft, in a speech here last night, congratulated the South upon the election of a Democratic President and predicted a nation-wide prosperity under the new administration. The President spoke in the Masonic Temple, and he was frequently interrupted by applause. He closed with a remark that swept the hall with laughter. "The only sorrow I have is the thought that there will break in upon some people and some individuals the fact that there are not enough offices to go around," he said. President Taft sailed Saturday evening for Panama, where he will make an official tour of the Canal Zone, with especial reference to the governmental needs of that possession.

An aeroplane collision in mid-air today, near Paris, imperiled the life of Orphile Delcasse, French minister of marine, and two aviators. Monsieur Delcasse was making the flight as a passenger on board the monoplane piloted by George Collardeau, when another machine ascended and the two aeroplanes started maneuvering. The false movement of a lever caused them to come violently into collision and the two machines interlocked and crashed to earth. Both of Delcasse's legs were fractured and his collarbone broken, while the pilot of the other aeroplane was injured fatally. The collision occurred at a low altitude.

Much bitterness of feeling has been caused here by the continued presence of the German cableship Gross Herzog Von Oldenburg, without any ostensible reason, during a series of important naval blockade maneuvers now being carried out by the French fleet.

Charged with fraudulent use of the mails, Frank W. Shumaker, president of the Storing Debenture Company; Harry H. Pratt, Samuel E. Findlay, Edward A. Barron, Wilbur M. Stone and Sidney Rosenbaum are under arrest here. Investors were invited to send money to the Storing Debenture Company. The investment called for purchase of stock in the Oxford Linen Mills, with which the men are said to have no connection. The promoters are said to have made more than \$1,000,000 yearly from their venture.

Victory perched upon the banners of Greece yesterday, in the first invasion made during the war by any force of the Balkan Allies into Turkey-in-Asia, when the Turkish garrison of the important island of Mitylene surrendered unconditionally to the commander of the Grecian cruiser squadron. Mitylene is a large island off the Asia Minor coast and the possession of it will enable the Greeks to stop any further movement of Turkish reinforcements by sea from Smyrna. The Greek fleet made a demonstration off Mitylene on Friday and yesterday, after shelling the shore line, landed a force of marines and sailors. Practically no opposition was made and the Turkish army laid down its arms without risking an engagement.

The Turks and Balkan plenipotentiaries are further apart than ever. This much was learned from an authoritative source here this afternoon. At today's session Osman Nizami Pasha, the leader of the Sultan's delegates, demanded the re-provisioning of Adrianople, asserting this to be the could continue. The Allies refused to comply with the demand and the Turkish representatives replied that they must consult further with the Porte before proceeding with peace negotiations.

A dispatch in the Daily Telegraph, from Vienna, reports that there is serious anti-dynasty agitation in Montenegro, arising out of the lack of success of the Montenegrin army besieging Scutari, in addition to the loss of six thousand men, including many of the officers belonging to the best families in the kingdom. "The King himself took command of the troops at the last moment," the correspondent continues, "hoping to associate his name with the fall of Scutari and thus strengthen the dynasty, but the siege has failed and the position of the besiegers is worse than that of the besieged."

It is stated that the Italian government is anxious to co-operate with the United States in the raising of the famous American frigate Philadelphia, which was sunk off Tripoli during the Barbary war of 1804. It is intended to refloat the ship and send it back across the Atlantic to be preserved as a memorial of the "wooden walls" which did such memorable service under the first sea heroes of the American flag. Lieut. Commander Richard Drake White, naval attaché at the United States embassy here, recently inspected the wreck and reports to the United States navy department that it would cost about \$12,000 to raise and refloat the frigate. If this is not done the famous ship will be covered over by the projected breakwater.

PICKLE MAN COMING.

Henry J. Heinz, the millionaire packer and originator of the "57 varieties", will arrive in Honolulu about March 7, and will remain in the islands for several weeks. The Heinz products are known the world over and the factories, which are located at Pittsburgh, are models of their kind. Mr. Heinz will take an active interest in Y. M. C. A. and other affairs during his stay here.
